ICVN International Congress on Vegetarian Nutrition

March 14-16, 2027

# CONFERENCE PROFILE

This scientific conference on the health effects of plant-based diets offers an opportunity for health professionals and researchers to learn from each other in plenary sessions, workshops, poster presentations, and social gatherings.

## PARTICIPANT PROFILE

- In 2018, we hosted **867 participants** from **41 countries**, and translated the Congress into four languages (an increase of over 150 participants from 2013).
- **83%** of attendees were from health professions; 11% from academics and research; 6% other.
- **92%** rated the congress excellent to very good.
- The 2027 Vegetarian Congress in Southern California is expected to welcome approximately 900 attendees, including **350 in-person** participants and **550 virtual attendees from around the world**.

# PROPOSED 2027 PROGRAM CONTENT

1. Plant-Based Nutrition, Longevity, and Healthy Aging
2. Precision Nutrition and Individual Responses to Plant-Based Diets
3. Plant-Based Nutrition and Chronic Disease Prevention
4. Food as Medicine and Clinical Practice
5. Protein, Nutritional Adequacy, and Healthy Aging
6. Foundational Plant Foods and Emerging Health Evidence
7. Diet Quality, Food Processing, and Plant-Based Eating
8. Food Systems, Sustainable Diets, and Planetary Health
9. From Evidence to Clinical Practice: Plant-Based Nutrition
10. Controversies and Emerging Issues in Plant-Based Nutritional Science
